Appeal to Establish Masjid Study Circles in 100 Towns

Assalamu Alaikum....,

We are pleased to announce our initiative to establish Masjid Study Circles in 100 towns across India with the support of Masjid Study Circle Committee (MSCC). This initiative aims to create a conducive environment for students to come and study in masjids, fostering learning and academic excellence alongside spiritual growth.

Our goal is to launch these study circles before Ramadan 2025. We invite masjid committees and individuals to join hands with us in this noble cause.

How You Can Help:

1. Share this message with masjid committees in your area.

2. Encourage masjids to participate in this initiative.

3. Spread awareness about the importance of providing students with a quiet, focused space to study.

If you are interested in setting up a Masjid Study Circle, please contact us at:
